The Organiser endeavours to keep you informed as accurately as possible about any changes through its website. Official resellers or sub resellers set their own pricing, and these might differ from the organisers pricing. The Organiser reserves the right to amend prices.

4.8. Retribution Tax

5. PURCHASING TICKETS THROUGH WEBSHOP

Tickets can be made available through a Webshop by DGP Race BV (or through a chosen form by an Official Reseller or sub-reseller). In the DGP Webshop you can directly select and pay for tickets or choose a spread payment option. All relevant terms and conditions in this document are applicable for the DGP Webshop sales. Official Resellers and sub resellers might offer different processes and/or different or additional conditions for purchase.

5.1. *Webshop buying process*

In the Portal/Webshop, a selection can be made of any combination of up to 6 tickets to the Event. Tickets are selected per Stand (a Stand is designated by a name and possibly a number and letter). This Stand automatically has a certain price category. The Organiser has put in every due diligence to accurately portray the places of the grandstands on the request portal. However as all but one stand still needs to be built for the Event, the exact location might differ slightly. No rights are given or obtained based on the map on the website or in the portal.

Selected Tickets must be added to the shopping cart by the Ticket Buyer. No location (row/seat) has yet been determined within the Stand that is selected. Seat assignment will happen when the tickets are issued in 2024 or 2025 respectively. Positioning will occur through a random allocation of available seats, and therefore a part of a Stand (or seat) cannot be selected. No correspondence can be entered into regarding this positioning.

The Ticket Buyer must complete his or her personal data in the DGP Webshop/Portal.

It is at all times the responsibility of the Ticket Buyer to ensure that:

1. the Application Form/section is fully completed with all required personal data;
2. the mandatory consents with respect to the processing of personal data and the acceptance of these Terms and Conditions as required by the Organiser on the application form are correctly specified by clicking on the corresponding checkboxes in the application form; and
3. the application form/section has been correctly submitted to the Organiser in accordance with the instructions specified on the application portal.

Any failure by the Ticket Buyer to comply with the above requirements may result in the Purchase being rejected or the sale being cancelled.

The Ticket Buyer himself is solely responsible for ensuring that all information provided by the Ticket Buyer in the application form/section is complete and correct. If this information proves to be incorrect or incomplete, the Organiser has the right to refuse the Purchase or to declare any allocated Tickets to be invalid (if already issued).

When the Ticket Buyer is satisfied with his or her selection, he or she or it will go to the shopping cart and click the button to select these tickets.

Subsequently, a summary screen appears where the chosen Tickets and prices are listed again, as well as the retribution tax applicable. If the Ticket Buyer agrees with the selection, he or she clicks the button to definitively secure the tickets.

In the Webshop the Ticket Buyer will then move on to the payment page. Once payment is made the Purchase is 100% final and confirmed.

Ticket Buyers in an official Webshop will receive a confirmation email after payment has been made successfully.

Any Tickets that are obtained through any means of computer software (like bots or spiders) or with the objective to obtain tickets for unauthorized resale can be made invalid by the Organiser.

For purchases of tickets or packages for an event in the Netherlands there is no right of withdrawal.

5.2. *Pre-sales*

The Organiser holds the right to organise pre-sales for certain groups at its own discretion. If a person qualifies for such a pre-sale they will be informed by the Organiser directly.

6. PURCHASING TICKETS THROUGH APPLICATION & ALLOCATION

6.1. *Registration and Application*

Tickets can also be made available through an application and allocation process. In order to apply for tickets, each Applicant must first register through the registration form at www.DutchGP.com.

A Registered Person can submit an application through the Application Portal, which will be open until the time indicated on the website. The timely submission of a correctly completed application form, which is correctly received by the Organiser, constitutes a final and irrevocable offer to purchase the requested tickets if allocated by the Organiser.

6.2. *Unique Link*

All persons who have registered through www.dutchgp.com will receive a unique link by e-mail, which provides access to the Application Portal. The link is connected to the combination of an e-mail address and a telephone number. Each telephone number can be used with a maximum of 2 e-mail addresses. The link gives access (multiple times) to the portal until the Tickets are definitively requested (by clicking the request button). As soon as the Tickets have been definitively requested, the link becomes inactive. Each link is only redeemable once. If you request fewer than 6 tickets, you cannot request additional tickets later.

6.3. *Personal data*

The Applicant must complete his or her personal data In the Application Portal.

It is at all times the responsibility of the Applicant to ensure that:

1. the Application Form is fully completed with all required personal data;
2. the mandatory consents with respect to the processing of personal data and the acceptance of these Terms and Conditions as required by the Organiser on the application form are correctly specified by clicking on the corresponding checkboxes in the application form; and
3. the application form has been correctly submitted to the Organiser in accordance with the instructions specified on the application portal.

Any failure by the Applicant to comply with the above requirements will result in the Application being rejected or the sale being cancelled.

The Applicant/ buyer is himself solely responsible for ensuring that all information provided by the Applicant/buyer in the application form is complete and correct. If this information proves to be incorrect or incomplete, the Organiser has the right to refuse the application or to declare any allocated Tickets to be invalid (if already issued).

6.4. *Selecting Tickets*

In the portal/Webshop, a selection can be made of any combination of up to 6 tickets to the Event. Tickets are selected per Stand (a Stand is designated by a name and possibly a number and letter). This Stand automatically has a certain price category. The Organiser has put in every due diligence to accurately portrait the places of the grandstands on the request portal. However as all but one stands still need to be built, the exact location might differ slightly. No rights are given or obtained based on the map on the website or in the portal.

Selected tickets must be added to the shopping cart by the Applicant/ticketbuyer. Note: the selected Stand is the Stand in which the first allocation round will take place. No location (row/seat) has yet been determined within the Stand that is applied for. This will happen when the tickets are issued in 2024 or 2025 respectively. Positioning will occur through a random allocation of available seats, and therefore a part of a Stand (or seat) cannot be selected. No correspondence can be entered into regarding this positioning.

6.5. Cascading (Request/ Allocation phase only)

When applying for Tickets, the Applicant also has the option, if his or her first choice is no longer available, to indicate whether the Applicant is prepared to purchase Tickets for another Stand in the same price category or in a different price category. In this manner, we hope to give as many people as possible the opportunity to attend the Event . Naturally, we strive to offer each person their first choice of Ticket. The price difference in the price category will be shown in the application process only if this could be higher than the original request. There are 2 cascading options, which can be turned on or off individually. Cascading is allowed, but is not mandatory. If an Applicant chooses not to cascade, then, in case of lots being drawn, the Applicant will only win the draw for the requested Stand and price category.

Cascading options:

1. Other Stand in the same price category

If an Applicant has not been allotted a place in the selected Zone, he/she will be eligible for a ticket for another Zone in the same price category, if this option was ticked and if tickets are still available.

2. Other Stand in a different price category

If an Applicant has not been allotted a place in the selected Zone, he/she will be eligible for a ticket for another Zone in a different price category (one category lower or higher), if this option was ticked and if tickets are still available. This may result in a price difference.

3. From Passe-partout to weekend and vice versa

If an Applicant applies for a weekend or passe-partout (3 days) ticket, if this option was checked and if tickets are still available, the Applicant will be eligible for a weekend ticket if the Applicant has not been allotted a Passe-partout, or a Passe-partout if the Applicant has not been allotted a weekend ticket. This may result in a price difference.

The Applicant acknowledges and accepts that, by selecting to cascading option in the cascading section, the Applicant may have to pay a Purchase Price

corresponding to the (full) Price Category below or above the originally requested Stand, resulting in a lower or higher Purchase Price to be paid.

*In the Webshops there is no possibility to cascade.

6.6. Final Application for Tickets

When the Applicant/Ticket Buyer is satisfied with his or her selection, he or she will go to the shopping cart and click the button to select these tickets. Subsequently, a summary screen appears where the Applicant's chosen Tickets and prices are listed again. If the Applicant/Ticket Buyer agrees with the selection, he or she clicks the 'Request' or 'Buy' button to definitively submit the Application or secure the tickets.

NOTE: after the 'Request' button has been pressed, the Application has definitively been sent. The submission of a correctly completed Application Form, correctly received by the Organiser, constitutes the Applicant's offer to conclude an agreement for the purchase of the Ticket(s) as indicated in the Application Form. This application can be accepted by The Organiser. By doing so, the Applicant has committed himself or herself to buying these tickets if they are allocated (irrevocable offer made). By clicking the Complete button, the Applicant also confirms that he/she will pay the relevant purchase price, provided the tickets are allocated. After the request, the link to the portal will become inactive and can no longer be used.

After the Applicant has applied for the for Tickets, he/she will receive confirmation of the application by e-mail. This confirmation does not imply any reservation on Tickets and no rights can be derived therefrom.

By clicking the 'Request' button/field in the Application Portal, the Applicant confirms that he/she has read, understood and accepted these General Terms and Conditions.

For any Applicant who, at the reasonable discretion of the Organiser, seeks to obtain Tickets through computer software designed for that purpose (like bots or spiders) in order to have an increased chance of success in the Allocation process, the Tickets will be cancelled.

6.7. Allocation process

The allocation of Tickets implies that the Organiser has accepted the application. If there are fewer applications for a Stand than the capacity of the Stand, everyone will be allocated the tickets as applied for. If there is a surplus demand, tickets are allocated based on a random ballot.

No correspondence can be entered into regarding this drawing of lots.

If an application has been allotted any Tickets, the Applicant will be notified, by e-mail, at the time of allocation in 2023/2024. If the Application has not been allotted any Tickets, the Applicant will also be notified thereof by e-mail.

Assigned Applicants are not entitled to revocation regarding the purchase of a ticket (within two weeks or otherwise). Any agreement between the Organiser and an Assigned Applicant, relating to the purchase of Entrance Tickets will be binding on the Applicant, and therefore the Applicant is obliged to accept and pay for the ordered Tickets.

7. PAYMENT OF TICKETS

7.1. Payment terms

In the Webshop tickets need to be paid for directly. Or via Instalment payments see 7.2.

7.2. Payment in instalments

For a surcharge of 7%, the Organiser offers Ticket Buyers the option to pay for the purchase of tickets in 3 instalments The Ticket Buyer then pays a total of 7% surcharge on the price of the order. The 3 terms are as follows:

- Term 1: 40% – at confirmation of the tickets;
- Term 2: 30% – approximately 6 months before the race weekend
- Term 3: 30% – approximately 3 months before the race weekend

If tickets are bought within 6 months before the race weekend the payment terms may differ.

Paying in instalments can be selected in the payment process for selected Tickets. You need to make the first payment on the Webshop and you will automatically be informed by CM.com when you need to make a term payment. Term payments have to be made by payment link within 7 days after receiving the payment link. If payment is not met, CM.com will issue a reminder after 7 days. If the payment is not made within 1 week (7 days) after the reminder, the Organiser reserves the right to void the tickets and sell them to another party without refunding any sums already paid.

It can be that spread payment is not offered as an option in certain sales phases.

7.3. Administration and mediation costs Tickets

For all ticket bookings directly from the Organiser, the Organiser charges a one-off fee for each booking (for administration and mediation costs). Pursuant to the European regulations, this fee will be clearly specified when booking:

per booking: € 15.99

Separate tickets (including children's tickets & PRM tickets)

per booking € 12.99

Mixed booking: The fee that is charged for the highest ticket

8. NAME & DISTRIBUTION OF TICKETS

8.1. Tickets by name (personalization):

All Tickets for the Event will be registered in name in order to prevent illegal resale and to provide the security services with a clear overview of who wants to visit the Event or, in the event of an emergency, who is located within the fences of the circuit.

Ticket Holders will have the opportunity to connect the names of the users of the Purchased Tickets to the tickets online (via the DGP Race BV app) until the tickets are issued in 2024 or 2025 respectively. In addition to the name, the organiser might also ask for other data like (not limited) the telephone number and e-mail address of the users of the Tickets. If a Ticket Holder still wants to change names after the issuing of the tickets, this can be done through our app, or through our ticketing partner CM.com. This may involve administrative costs. For Passe-partouts and Weekend tickets, only one name can be given for the ticket, but it can be used by different persons on different days.

Failure to comply with the obligation to provide this information within the requested period can result in the cancellation of the Tickets which have been purchased and/or issued, without right to a refund. Tickets that are not personalized to a name will not be sent and therefore will not give access to the

event. Personalization is enabled until the event ends, and tickets can be personalized at any point in time.

Note: if a ticket has been successfully shared by the Ticket Buyer with a chosen Ticket Holder and the Ticket holder accepts, the Ticket Buyer can no longer access the ticket, and any changes need to be made by the Ticket Holder

8.2. *Distribution Tickets*

The Organiser strives for an approach that is as efficient as possible and will therefore not issue physical Tickets. In 2024/2025, every Ticket Holder will receive the Ticket(s) from DGP Race BV or an official reseller in digital form. Tickets received from DGP Race BV directly will be made available in the DutchGP App. The Ticket Buyer will have the ability to forward the ticket(s) to chosen Ticket Holders via the app.

Note: if a ticket has been successfully shared by the Ticket Buyer with a chosen Ticket Holder and the Ticket Holder accepts, the Ticket Buyer can no longer access the ticket and any changes need to be made by the Ticket Holder

The scanning of the Ticket on a Ticket Holder's mobile device is carried out entirely at the Ticket Holder's own risk. The Organiser is not liable if a Ticket cannot be scanned and the Ticket Holder is not entitled to a refund of the amount of the Ticket and/or compensation in this case. A Ticket can only be scanned once and it is the sole responsibility of the Ticket Buyer that the Tickets is being used by the intended Ticket Holder. After scanning and entry there is no re-entry to the venue. Keeping the devices on which the Ticket Holder keeps the ticket adequately charged will be the responsibility of the Ticket Holder. There are NO charging options at the entrances.

Tickets remain the property of the Organiser at all times.

9. CANCELLATION CONDITIONS

9.1. *Cancellation conditions for Tickets*

The Ticket Buyer acknowledges and agrees that all Purchases made at the Application Portal will be final. In the event that the Ticket Buyer wishes to cancel the allocated Tickets, a 100% cancellation fee will apply to all cancelled Tickets, including administration and service fees, if the Event actually takes place in 2024 or 2025 respectively. Should this period change after the

confirmation of your Tickets (outside of 2024 and/or 2025 respectively), the Organiser will offer you the possibility to cancel your tickets free of charge (or roll them over), if you can prove that you are unable to attend on the new date with good reason.
